六、視聽資料

Stereoscopic manual of the ocular fundus in local and systemic disease [slide].	WW17/B621 2v.
Retinal vascular disorders : diagnosis and management [slide].	WW100/F493/1976
Slide atlas of ophthalmology [slide].	WW100/O61/1991
Ophthalmology [slide].	WW100/O61/1990
Slide atlas of ocular pathology [slide].	WW140/O21/1990
The real cell [videorecording].	WW150/R288/1991
Ocular and periocular infections [slide].	WW160/Oc8/1985
Slide atlas of ophthalmic surgery [slide].	WW168/O61/1990
Diseases of the macula [slide].	WW270/P279/1976
The ocular fundus in neuro-ophthalmologic diagnosis [slide].	WW280/M616/1977
Eye injuries [slide].	WW525/E97/1987
Ocular and periocular trauma [slide].	WW525/Oc8/1984

【眼科相關視聽資料介紹】

陳香蘭

視聽中心新近收藏眼科相關之視聽資料計有五種，皆為幻燈資料。除幻燈片外，每種視聽資料皆附有紙本式之詳細解說。使用者可一邊觀賞幻燈片，一邊經由手冊內之說明而瞭解眼睛所發生之多種病症及其治療方式。下面即列舉出此五種幻燈資料所包括之主題內容，歡迎大家來館利用。

一、 Slide atlas of ophthalmology-20 units(W100/O61)

1. Methods of ocular examination
2. The eyelids
3. The conjunctiva: diseases and tumours
4. Infections of the outer eye
5. Allergic eye diseases: episcleritis and scleritis
6. The cornea
7. Primary glaucoma
8. Secondary glaucoma
9. The uveal tract
10. Intraocular inflammation
11. The lens
12. Vitreous and vitreo-retinal disorders
13. The retina: normal anatomy and physical signs
14. The retina: vascular disease I
15. The retina: vascular disease II
16. The retina: muscular diseases and retinal dystrophies

- 17. The optic disc
- 18. Strabismus
- 19. Neuro-ophthalmology
- 20. The orbit and lacrimal system

二、Ophthalmology: an essential slide collection (WW100/O61/1990)

- 1. Lids
- 2. Orbit and lacrimal system
- 3. External eye
- 4. Anterior segment
- 5. Posterior segment

三、Slide atlas of ocular pathology — 10 units(WW140/O21/1990)

- 1. Basic principles , congenital anomalies , and inflammation
- 2. Surgical and nonsurgical trauma
- 3. Lids and lacrimal drainage system
- 4. Conjunctiva
- 5. Cornea and sclera
- 6. Uvea and lens
- 7. Retina
- 8. Vitreous , optic nerve and orbit
- 9. Diabetes mellitus and glaucoma
- 10. Ocular tumors

四、Slide atlas of ophthalmic surgery — 12 units(WW168/O61/1990)

- 1. Cataract surgery and intraocular lens implantation – part I
- 2. Cataract surgery and intraocular lens implantation – part II
- 3. Cataract surgery and intraocular lens implantation – part III
- 4. Cataract surgery and intraocular lens implantation–part IV
- 5. Cataract surgery and intraocular lens implantation–part V
- 6. Techniques in corneal transplantation
- 7. Surgery for glaucoma and related conditions
- 8. Surgery of the retina and vitreous
- 9. Techniques in strabismus surgery
- 10. Surgery of acquired lid malpositions
- 11. Refractive surgery
- 12. Laser surgery of chorioretinal diseases

五、Eye injuries — 3 units(WW525/E97/1987)

- 1. In the accident department
- 2. Lacerations of the face , eyelid and lacrimal drainage system
- 3. Orbital injuries
- 4. Burns to the eye and periocular tissues
- 5. Blunt injuries to the eye
- 6. Penetrating eye injuries
- 7. The management of complicated injuries: introduction
- 8. The management of anterior segment complications
- 9. The management of posterior segment complications
- 10. The management of late extraocular complications: rehabilitation , compensation and prevention of injury
