

醫學雋語

學習是容易的，如果它是一件愉快的體驗，能引發學生興趣並使其高興。教師的教學態度當像是為學生燃起興趣的火焰，而不是填滿知識的罐子。

～皮克林爵士

Learning is easy if it is a pleasurable experience and if the student finds the process interesting and exhilarating. The teacher's attitude should be that of kindling a flame rather than filling the pot.

～Sir George Pickering
